6000	4000	2000	1000	Up To \$40,000.00

### Details and Qualifications:

- New students must enroll 1 left and 1 right within 30 days in order to accumulate volume in the weekly dual team plan.
- To stay qualified to earn dual team commissions, you'll need to be an active student (\$49.95 per month tuition) and will need to maintain 1 active personally enrolled student on each of your 2 Teams.
- You'll also need to maintain at least 1 personally enrolled active student each month to be eligible for commissions. If you enroll more than 1 student in a given month, those sales will carry over to the following months as long as each student remains active. (Example: If you enroll 4 students in one month, you will be qualified for 4 months.) When you have personally enrolled 6 students who remain active you will be qualified for life.

The maximum payout is 60% of all tuition volume.

Weekly checks are calculated Monday morning through Sunday at midnight and are paid 2 weeks in arrears. Monthly checks are calculated monthly and will be mailed to you on the 20th of the month after the commission is earned.
